

Project Server 2007 Executive Briefing

Important announcement from Dominic Moss; Director of Projectability: [Click Here to Read](#)

If you are considering investing in Project Server 2007 and need to determine if this solution can address key business issues we can help your decision making. Our Executive Briefing presents you with a dynamic introduction to the potential of this tool.

The briefing walks you through the entire project lifecycle and illustrates how project schedules can be shared, reported and analysed.

Our briefing uses a fully feature demonstration instance of Project Server that has been configured to illustrate the potential of this powerful tool.

If you have questions you need to ask of your projects and programmes we can show you how to obtain the answers you are looking for as a by-product of maintaining and updating project schedules.
